

Villa Description

Unearth the spirit of Bali in Alibaug. **UNR2-505** is an extension of its rich natural surroundings, inviting you to connect with yourself and your loved ones. Built into two levels, the five bedrooms have their own entrances. Let the birds and a large mosaic manta ray welcome you into the lower-level living room. With floor-to-ceiling windows on three sides, the expansive room has a well-manicured garden and the blue sky for walls. Walk further into the pool lounge, which is surrounded by a glistening pool open to the valley.

At **UNR2-505**, spaces seamlessly blend into each other. The harmonious balance expands with the use natural materials in the decor: stone walls, sand and tropical foliage. Logs of wood are used as benches; the tables are large pieces of granite and stone, and crystals lamps lend warmth to an evening of conversations. In a poetic gesture, the rocks that were once part of the original mountain have a home in the villa.

UNR2-505 is full of mysteries that will bring your childhood alive. Soak in the stunning infinity pool as the young ones splash about the lower pool with a slide. Feel the crisp grass on your toes, swing away in the lounge area or explore the secret doorways. Feel your worries melt away in the bar, or unwind with a movie or games. The stunning living room chandelier sare crafted using hand-moulded glass, reflecting the morning sun and shining bright as stars in the night.
